Groo-V Tip® and GRT® are registered trademarks of Relton Corporation

[†]Because of the differing densities of these materials, the number of holes may vary. Slow drilling speeds are recommended, and in some cases, marble and granite may not be drillable with carbide tools.

Percussion or rotary-only, the Groo-V Tip® bit makes holes in almost *all* materials! Engineered for drilling hard materials, these specialized Ram Tip™ Bits have a *serrated* carbide tip, which penetrates faster - up to *50% faster* than standard masonry bits! (A drill-press-supported drill motor is recommended for drilling hard metal.)

Groo-V Tip® MULTI-PURPOSE 5-PIECE BIT KIT

Refillable Case

Contains: 3/16" x 6"
1/4" x 6"
5/16" x 6"
3/8" x 6"
1/2" x 6"
